13:30 - 13:45  Industry Speaker - Vern Newton, Hanson (15 min)  Developing a standardised protocol for measuring seed metabolic rates Harrison Palmer  Influence of water availability and subsequent drought on plant establishment within the natural and post-mining environments of semi-arid Western Australia Siobhan Sullivan  14:05 - 14:15  Soil-microbial-plant signals and effects on plant eco-physiological performance for mine site restoration Wei San Wong  Maximisation of topsoil via addition of waste rock in restoration of semi-arid lands Christine Lison  14:25 - 14:35  Dr. Adam Cross and Dr. Sean Tomlinson - ARC CMSR Research Overview : Monitoring Trajectory  14:35 - 14:40  Q&A  Afternoon Tea Break  15:00 - 15:15  Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25  Agar-surface remote sensing of plant condition in mine site restoration environments Jaume Ruscalleda  Airborne restoration monitoring: automated seedling identification	12:10 - 12:20	
13:30 - 13:45  13:45 - 13:55  Aparison Palmer  13:55 - 14:05  10. Influence of water availability and subsequent drought on plant establishment within the natural and post-mining environments of semi-arid Western Australia  14:05 - 14:15  Soil-microbial-plant signals and effects on plant eco-physiological performance for mine site restoration  Wei San Wong  Maximisation of topsoil via addition of waste rock in restoration of semi-arid lands  Christine Lison  14:25 - 14:35  Dr. Adam Cross and Dr. Sean Tomlinson - ARC CMSR Research Overview : Monitoring Trajectory  14:35 - 14:40  Q&A  Afternoon Tea Break  15:00 - 15:15  Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25  Ager-surface remote sensing of plant condition in mine site restoration environments  13:40 - 15:25 - 14:40 - 15:40 -		
Developing a standardised protocol for measuring seed metabolic rates Harrison Palmer  13:55 - 14:05 Influence of water availability and subsequent drought on plant establishment within the natural and post-mining environments of semi-arid Western Australia Stobhan Sullivan  14:05 - 14:15 Soil-microbial-plant signals and effects on plant eco-physiological performance for mine site restoration Wei San Wong  14:15 - 14:25 Christine Lison  14:25 - 14:35 Dr. Adam Cross and Dr. Sean Tomlinson - ARC CMSR Research Overview : Monitoring Trajectory  14:35 - 14:40 Q&A  14:40 - 15:00 Afternoon Tea Break  15:00 - 15:15 Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25 Near-surface remote sensing of plant condition in mine site restoration environments Jaume Ruscalleda  15:25 - 15:35 Airborne restoration monitoring: automated seedling identification	12:30 - 13:30	Lunch Break
Harrison Palmer  Influence of water availability and subsequent drought on plant establishment within the natural and post-mining environments of semi-arid Western Australia  Siohan Sullivan  Soil-microbial-plant signals and effects on plant eco-physiological performance for mine site restoration  Wei San Wong  Maximisation of topsoil via addition of waste rock in restoration of semi-arid lands Christine Lison  14:15 - 14:25 Dr. Adam Cross and Dr. Sean Tomlinson - ARC CMSR Research Overview : Monitoring Trajectory  14:35 14:40 Q&A  14:40 15:40 Afternoon Tea Break  15:00 15:15 Industry Speaker - George Watson, BHP (15 min)  15:15 15:25 Airborne restoration monitoring: automated seedling identification	13:30 - 13:45	
Siobhan Sullivan  14:05 - 14:15 Soil-microbial-plant signals and effects on plant eco-physiological performance for mine site restoration Wei San Wong  Maximisation of topsoil via addition of waste rock in restoration of semi-arid lands Christine Lison  14:15 - 14:25 Dr. Adam Cross and Dr. Sean Tomlinson - ARC CMSR Research Overview : Monitoring Trajectory  14:35 - 14:40 Q&A  Afternoon Tea Break  15:00 - 15:15 Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25 Jaume Ruscalleda  15:25 - 15:35 Airborne restoration monitoring: automated seedling identification	13:45 - 13:55	Harrison Palmer
Wei San Wong  14:15 - 14:25  Maximisation of topsoil via addition of waste rock in restoration of semi-arid lands Christine Lison  14:25 - 14:35  Dr. Adam Cross and Dr. Sean Tomlinson - ARC CMSR Research Overview : Monitoring Trajectory  14:33 - 14:40  Q&A  14:40 - 15:00  Afternoon Tea Break  15:00 - 15:15  Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25  Near-surface remote sensing of plant condition in mine site restoration environments Jaume Ruscalleda  15:25 - 15:35  Airborne restoration monitoring: automated seedling identification	13:55 - 14:05	
14:15 - 14:25 Christine Lison  14:25 - 14:35 Dr. Adam Cross and Dr. Sean Tomlinson - ARC CMSR Research Overview : Monitoring Trajectory  14:35 - 14:40 Q&A  14:40 - 15:00 Afternoon Tea Break  15:00 - 15:15 Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25 Near-surface remote sensing of plant condition in mine site restoration environments Jaume Ruscalleda  15:25 - 15:35 Airborne restoration monitoring: automated seedling identification	14:05 - 14:15	
14:35 - 14:40 Q&A  14:40 - 15:00 Afternoon Tea Break  15:00 - 15:15 Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25 Near-surface remote sensing of plant condition in mine site restoration environments Jaume Ruscalleda  15:25 - 15:35 Airborne restoration monitoring: automated seedling identification	14:15 - 14:25	
14:40 - 15:00 Afternoon Tea Break  15:00 - 15:15 Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25 Near-surface remote sensing of plant condition in mine site restoration environments  Jaume Ruscalleda  15:25 - 15:35 Airborne restoration monitoring: automated seedling identification		
15:00-15:15 Industry Speaker - George Watson, BHP (15 min)  15:15 - 15:25 Near-surface remote sensing of plant condition in mine site restoration environments  Jaume Ruscalleda  15:25 - 15:35 Airborne restoration monitoring: automated seedling identification		
15:15 - 15:25 Near-surface remote sensing of plant condition in mine site restoration environments  Jaume Ruscalleda  1s:25 - 15:35 Airborne restoration monitoring: automated seedling identification	14:40 - 15:00	Afternoon Tea Break
Jaume Ruscalleda  1s:25 - 1s:35  Airborne restoration monitoring: automated seedling identification	15:00- 15:15	Industry Speaker - George Watson, BHP (15 min)
15:25 - 15:35	15:15 - 15:25	
10uu butets	15:25 - 15:35	Airborne restoration monitoring: automated seedling identification  Todd Buters

	Monday 19 November	
	·	
15:35 - 15:45	Roadblocks to relinquishment in Australia  Chris Tiemann	
15:45 - 15:50	Q&A	
15:50 - 16:05	Industry Speaker - Sinosteel Midwest Corporation (15 min)	
16:05 - 16:15	Closing of Day 1 - Prof. Kingsley Dixon and Dr. Renee Young	
16:30- 18:30	Sundowner Function: Bob's Bar, upstairs @ Print Hall, Brookfield Plaza, Perth.

Tuesday 20 November		
08:15-8:30	Registration	
08:30 - 09:00	Student Workshop day. Introduction - Prof. Kingsley Dixon and Dr. Renee Young, ARC CMSR	
09:00 - 10:00	Workshop: Career Perspectives 9am-10am Speakers: Dr. Blair Parsons (Greening Australia), Rebecca Wright (BHP), Dr. Mike Young (DWER), Astrid Heidrich (Spectrum Ecology), TBA (WABSI).	
10:00 - 10:30	Workshop: Career Perspectives, Panel Q&A 10am-10.30am	
10:30-11:00	Morning Tea Break	
11:00 - 11:45	STEM Outreach and Engagement for Researchers Andrew Hannah and Gina Pearse, Curtin University.	
12:00 - 13:00	Lunch Break	
13:00 - 13:30	Grant Applications in Research Paul Nicholls, Curtin University.	
13:30 - 14:15	Workshop: Best practice in creating Poster presentations Dr. Jo Edmondston and Dr.Krys Haq, University of Western Australia.	
14:15 - 14:20	Closing of Day 1 - Kingsley Dixon and Renee Young	
14:30- 16:30	ARC CMSR Research Program Training Committee (RPTC) Meeting 2:30pm-4:30pm Curtin St Georges Terrace Boardroom (RPTC Members Only)
